ABOUT US
The Patricia Reser Center for the Arts (PRCA, The Reser) is a new performing arts center located in downtown Beaverton, Oregon. Construction began in November 2019, and the Center opened to the public in March 2022. Adjacent to City Hall, the facility consists of a 550-seat mainstage theater, an art gallery, meeting and rehearsal rooms, and a public plaza. Upon opening, The Reser programming includes Reser Presents, local and regional performing arts organizations, visual arts exhibitions, and arts education programs. Since it opened, The Reser has become an important social and cultural hub for Beaverton and its surrounding communities. www.theresar.org

ABOUT THE JOB
The Reser is seeking a skilled Production Supervisor to join our team. This position offers the right person a rare opportunity to play a key role in a new arts organization, which includes helping shape The Reser’s identity and policies for years to come. The Production Supervisor will play a vital role in community support and financial success of the organization by developing strong working relationships with external clients, including regional performing arts organizations, individuals, businesses, and the City of Beaverton, by anticipating and responding to their production needs.

PRIMARY RELATIONSHIPS
The Production Supervisor reports to the Director of Production and Operations in a department that includes the Production Manager, the Operations Manager, and part-time Event Staff. In addition, this position will collaborate closely with guest presenters, the Rental Events Manager, the Programming Manager, the Gallery Programs Manager, the Education and Community Program Manager, and the City of Beaverton to ensure their technical needs are met.
WHAT YOU’LL DO
The Patricia Reser Center for the Arts is looking for a Production Supervisor who has experience in technical theater including lighting, AV and rigging with an emphasis on executing complicated sound set-ups and FOH and monitor mixing. This position will support The Reser by assessing client technical requirements and executing those requirements. This position is required to work evenings and weekends during most scheduled events.

Specific responsibilities include:
• Serve as A1 or A2 on Visiting Presenter events as requested by the client or when determined as necessary by the Production Manager or Director of Production and Operations.
• Setting and enforcing guidelines for the safe use of all technical equipment.
• Set up and operate sound equipment for live events to ensure the best acoustic result.
• Overseeing and assisting events, Reser Presents and events in the ancillary spaces.
• Assist with the development of a preventative maintenance program for all equipment. Perform maintenance on equipment and make purchase recommendations as required. Development of an inventory system to track equipment use by client, listing the equipment requests in Venue Ops.
• Research and gather information for resource planning for events by reviewing the riders and internal AV requests. Ensure that the AV inventory is up to date in Venue Ops for resource allocation.
• Serve as Manager-on-Duty for select events, as appropriate. Provide support for the Reser Presents series including advancing show equipment needs, managing the back line requests and serving as the A1 or A2 on all Reser Presents events.
• Advise the Director of Production and Operations on feasibility, cost, and equipment capabilities of purchases. Arrange for backline and communicate any rental costs to the Director of Production and Management for settlement.
• Assist with the hiring, training, and orientation of part-time and third-party contractor stagehands. Assist the Production Manager with scheduling technical staff for events and/or performances as required.
• Assist with non-AV related stage and event set-ups as required.
• Assist the Director of Production and Operations in the development of an outreach plan to train and attract diverse and under-represented individuals to the venue management and stage production fields.

SKILLS AND EXPERIENCE NEEDED
• Aptitude for problem solving and logical thinking
• Ability to troubleshoot and repair equipment, manage software, and perform technical tasks
• Experience and knowledge of live sound reinforcement systems including the Yamaha CL digital mixing consoles and Rio Series I/O units via Dante
• Proficient in industry-standard audio software tools including QLab and ProTools
• Experience with counterweight system operation and stage lighting preferred
• Ability to remain calm and alert at all times
• Outstanding planning and time management skills
• The ability to multitask and set priorities
• Outlook, Adobe, and Microsoft Office (Word, Excel)
